SPRING FLOWERS

"And the Hyacinth purple, and white, and blue,
Which flung from its bells a sweet peal anew,
Of music so delicate, soft and intense
It was felt like an odor within the sense."

—Shelley.

GLEN BROTHERS

GLENWOOD NURSERY

ROCHESTER, N. Y.

INTRODUCTION

FOR nearly fifty years our establishment has been known as one of the leading Bulb Houses of the East. Our long experience in the business, coupled with our favorable foreign connections, enable us to grow stock far superior to the average dealer. Our Bulbs are grown for us by special growers in Holland, Japan, France, China and other countries, practically under our own supervision, and NO BETTER BULBS COULD POSSIBLY BE GROWN.

In presenting you this, our 32nd annual Bulb Catalogue, carefully revised and corrected by the addition of descriptions of our new and promising varieties and the omission of such as greater experience and progress in Bulb culture have proven no longer worthy of general dissemination, we wish to impress upon prospective purchasers the importance of planting only large, sound, solid, healthy bulbs, such as we offer, which can be depended upon to grow and bloom. The small, low priced or "bargain" bulbs offered at ridiculously low prices by many dealers are bound to result in keen disappointment to the planter.

The prices quoted for Bulbs and plants in this catalogue are fixed after careful painstaking computation of the exact cost of production, and are made to fit the quality of our stock and allow ourselves a fairly legitimate margin of profit. We are not controlled by the prices of other catalogues, which in many instances are the result of hap-hazard guess work, and the goods must necessarily be of a quality to fit the prices, for no one will continue to sell goods at a loss.

HOW TO ORDER

ORDER EARLY—Goods will be held for late shipment when requested.

TERMS CASH—With Order except that we are pleased to open accounts with patrons by agreement.

REMIT—By money order, Registered letter, Express order. Orders for goods C. O. D., must be accompanied by 25% of the value to insure delivery.

GUARANTY—While we exercise the greatest care to have our bulbs true to name and hold ourselves prepared to replace on proper proof, all that proves untrue, we do not give any warranty expressed or implied, and in case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not, at any time, be held responsible for a greater amount than the original price.

WHEN ORDERING—Try to confine yourself to the order sheet which greatly facilitates matters in our Bulb department, and do not fail to sign your name, street address and town.

THE HYACINTHS

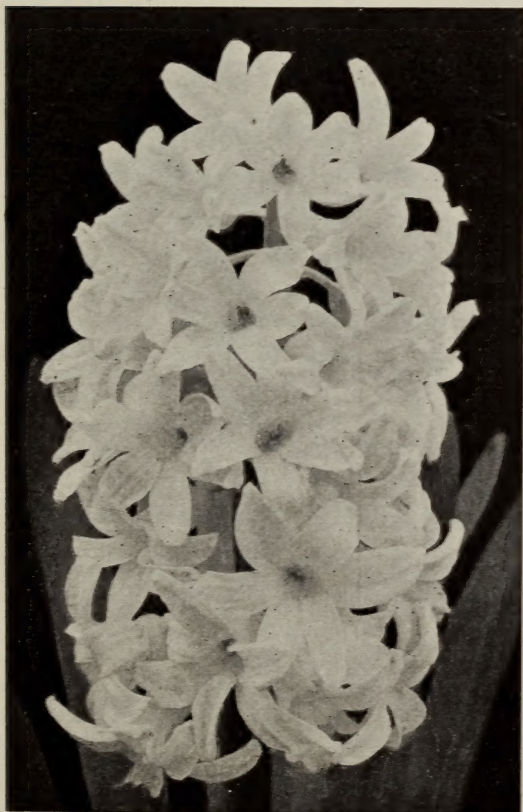

It is of supreme importance to start with strong bulbs, and as the perfection of the flower depends upon root growth, they should be planted early, from late Sept. to late Oct. Soil should be good and well drained, plentifully manured and spaded thoroughly to a depth of 18 inches. Plant the bulbs 6 inches deep from bottom of bulb and 5 or 6 inches apart. An exceedingly successful method is to remove 4 inches of the top of bed after being prepared, press the bulbs in firmly and cover evenly with the removed soil. The beds should then be covered 2 or 3 inches deep with leaves, straw or coarse manure. A part of this should be removed as soon as the shoots appear above the ground and the balance when the danger of frost is over.

FORCING IN POTS FOR WINTER FLOWERING—Select the firmest bulbs and pot singly, or the number per pot can be increased according to the size of the pot. The bulbs should be pressed into the earth, leaving the apex just showing above the ground. Then bury the pots in well drained ground 8 to 10 inches deep and cover with 6 or 8 inches of litter or coarse stable manure. After 7 or 8 weeks they should be brought inside, kept in subdued light at a temperature of about 50° until the sprouts have turned green.

PRICES.

20 cents each; \$2.00 per doz.; \$15.00 per 100.
Transportation Charges Prepaid.

SINGLE NAMED HYACINTHS.

SINGLE HYACINTH

Single Red and Pink.

Baron Van Thuyll, pink, handsome spike.
Maria Cornelia, blush pink, early.
Robt. Steiger, deep crimson; large trusses, the best of its color.
Roi des Belges, red, late; compact spike, very desirable.

Single Blue and Violet.

Baron Van Thuyll, blue, very handsome spike.
Grand Maitre, violet blue.
King of the Blues, deep glossy blue, large bells, late.
Marie, dark blue, large bells, fine spike.
Potgieter, light blue, large bells, good spike.
Lord Balfour, light purple, large bells.
Sir William Mansfield, light violet, early.

Single Pure and Creamy White.

Baron Van Thuyll, light white, large compact spike.
L'Innocence, pure white, large bells, very early.
Mad. van der Hoop, pure white, large bells, late.

Single Yellow.

King of the Yellows, pure yellow, late. Fine spike.
Marchioness of Lorne, orange, yellow. Personally we consider it the best single yellow.

DOUBLE NAMED HYACINTHS.

PRICES.—20c. each; \$2.00 per doz.; \$15.00 per 100.
Transportation Charges Prepaid.

Double Red and Pink.

Bouquet Royal, salmon pink.
Bouquet Tendre, red, very handsome trusses.
Grootvorst, blush pink, very large.

Lord Wellington, a fine pink, large bell.
Noble par Merite, early pink, fine.
Prince of Orange, blush pink, semi-double, very choice.

Double White.

Bouquet Royal, pure white.
Isabella, blush white, fine for exhibition.
La Grandesse, white, a great white hyacinth.

La Tour d'Auvergne, earliest, large spike, white.
La Virginite, blush white, fine spike.

Double Blue.

Bloksburg, light blue, large and fine.
Charles Dickens, dark porcelain blue, fine truss.
Garrick, clear blue, large spikes, exceptionally fine.

Gen. Kohler, fine porcelain blue, superb.
Van Speyk, Lilac blue, large handsome truss.

Double Yellow.

Sunflower, large pure yellow, fine.

Goethe, bright light yellow, good truss, large bells.

BEDDING HYACINTHS.

These bulbs have been especially selected in Holland for us, and are equally suited for either bedding or forcing. They are all large healthy bulbs and will be sure to produce flowers freely next Spring.

PRICES.—\$1.00 per dozen; \$7.50 per hundred; \$60.000 per thousand.
Transportation Charges Prepaid.

Single Bedding.

Dark and Light red and pink.
Pure white and blush.
Blue and purple.
Yellow.
All colors mixed.

Double Bedding.

Dark and Light red and pink.
Pure white and blush.
Blue and purple.
Yellow.
All colors mixed.

ROMAN HYACINTHS.

Flower somewhat smaller than the ordinary Hyacinth but all very fragrant. Each bulb gives several flower stalks. The best results are obtained by planting three or four bulbs in a medium sized pot. They are very easy to grow and may be had in bloom as early as Christmas. The White varieties bloom two or three weeks earlier than the colored.

PRICES.—5c. each; 50c. per doz.; \$3.75 per 100.
Transportation Charges Prepaid.

(Specify Single or Double).

Rose, or Pink. Fine and very desirable.

Blue, pale blue color and in great demand.

White, splendid for forcing

GRAPE HYACINTHS.

Flower spikes about 6 inches high, with small round bells arranged so as to resemble a bunch of grapes. For indoor blooming plant a few bulbs in a five-inch pot.

PRICES.—3 for 5c.; 15c. per doz.; 75c. per 100; \$6.00 per 1,000.
Transportation Charges Prepaid.

Improved Blue, sky blue tipped with white.

Snow White. Rare.

THE TULIPS

NO flower surpasses or even equals the Tulip in beauty and gracefulness of form and brilliancy of color. It is superb for borders and about the foundations of the house, and when massed produces the most gorgeous effects. **FOR OUTDOOR CULTURE**—If large perfect flowers are to be obtained a large supply of small, fibrous roots must be had and it is well to remember that the low-priced bulbs are more likely to be deficient in this respect. For out-door culture the bulbs should be planted from September to November, before freezing weather. A sandy loam is best and should be well worked to a depth of 12 inches. Use nothing but well rotted manure for fertilizer. Plant 4 inches deep—4 or 5 inches apart. The bulbs must be planted at the same depth, otherwise they will not bloom at the same time. As soon as freezing weather begins cover the beds several inches deep with leaves, straw or coarse manure, this to remain until danger of frost is over in the Spring.

FOR POT CULTURE—A mixture of good loam and sand is best. Several bulbs may be placed in each pot. Treat them the same as Hyacinths. All of the early single varieties are suitable for pot culture.

FOR WATER CULTURE—Use Hyacinth glasses and perfect well formed bulbs. Use rain water, with a small quantity of charcoal to purify. The bulbs are placed so that just the base of the bulb is in contact with the water. Keep in a dark closet for 10 to 14 days, until the roots are formed, then give plenty of light and air.

SINGLE EARLY TULIPS.

PRICES.

2 for 15c.; 75c. per doz.; \$4 per 100; \$25 per 1,000, by mail or express prepaid.

Adelaine, rosy crimson.
Arms of Leiden, white, striped red.
Bachus, dark red.
Bride of Haarlem, red and white striped.
Canary Bird, pure yellow.
Cerise Grisdelin, red and white.
Duc Van Tholl, crimson.
Duchesse de Parma, orange red and yellow.
Flamingo, pink extra.
Hobbema, pink turning to light magenta.
LaRemarquable, purple violet.

Pink Beauty, pink, extra.
President Lincoln, light violet with white, late.
Princess Wilhelmina, pink bordered with white, extra for bedding.
Queen of the Netherlands, light pink.
Sir Thomas Lipton, red, extra for the garden.
Van der Neer, violet, extra for forcing and bedding.
Vermillion Brilliant, splendid scarlet extra.
Wouwerman, dark violet.

DOUBLE EARLY TULIPS.

PRICES.

2 for 15c.; 75c. per doz.; \$5.00 per 100; by mail or express prepaid.

Agnes, scarlet.

Alba Maxima, pure white.

Cousine, purple violet.

El Toreador, orange red, extra for forcing.

LaCandeur, white, fine for bedding.

Lac Van Haarlem, violet.

Norma, pink.

Purple Crown, dark purple.

Raphael, pink large flower.

Rubra Maxima, deep red, for late forcing and bedding.

Theeroos, sulphur yellow.

Titian, brown with orange.

Violet Fonce, late.

Willem III, scarlet, extra for bedding.

DOUBLE LATE TULIPS.

PRICES.

2 for 15c.; 75c. per doz.; \$5.00 per 100; by mail or express prepaid.

Blue Flag, violet blue.

Bonepart, salmon brown.

Mariage de ma fille, carmine, white striped.

Overwinnaar, white with light violet.

Paeony gold, feathered yellow.

Paeony, red, scarlet.

Yellow Rose, fine pure yellow.

PARROT TULIPS.

PRICES.

2 for 15c.; 75c. per doz.; \$5.00 per 100, by mail or express prepaid.

These are very showy. The flowers have feathered edges and are of large size and brilliant color. Very late in flowering.

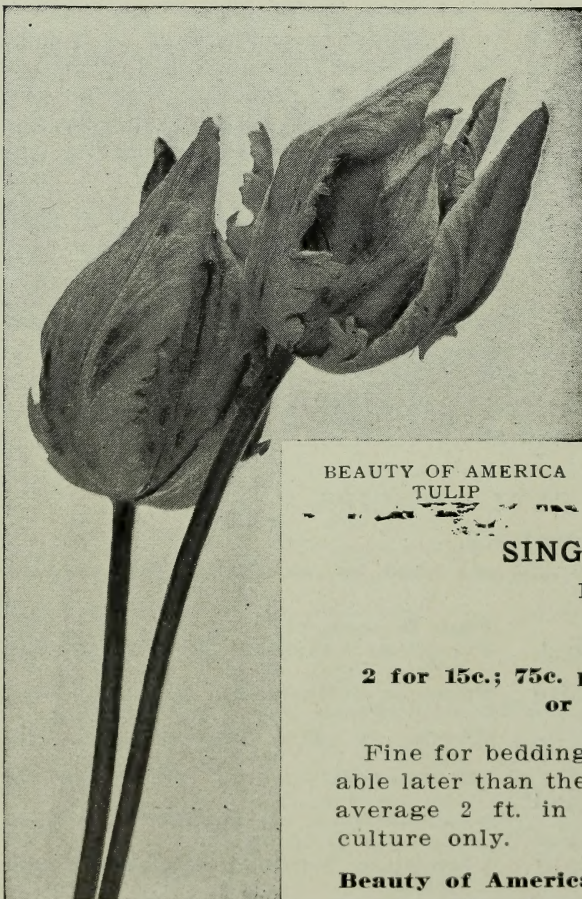

Admiral de Constantinople, red.

Cramoisie Brilliant, carmine red.

Lutea Major, yellow.

Markgraaf, red and yellow.

Perfecta, yellow and red.

BEAUTY OF AMERICA
TULIP

SINGLE LATE TULIPS.

May Flowering.

PRICES.

2 for 15c.; 75c. per doz.; \$5.00 per 100, by mail or express, prepaid.

Fine for bedding and cutting. They are considerable later than the other varieties, and as the stems average 2 ft. in height are adapted to out-door culture only.

Beauty of America, yellow.

Bouton d'Or, deep yellow.

CHOICE BULBS FOR FALL PLANTING.

SINGLE LATE TULIPS (Continued).

Colombus (Gala Beauty), blotched vermillion and golden yellow, very handsome, large flower.

Golden Crown, yellow.

Isabella (Blushing Bride), cream turning to carmine red, extra for bedding, good for forcing.

LaMerveille, terra cotta color.

Macrospila, red.

Parisian Yellow, pure yellow, pointed flower.

Parisian White.

Tubergiana, scarlet.

Viridiflora, green.

Vitellina, sulphur yellow.

DARWIN TULIPS.

(Very Heavy Bulbs).

PRICES.

10c. each; \$1.00 per doz.; \$8.00 per 100, express or postage prepaid.

Flowers of immense size borne on stem 20 to 30 inches high. The colors surpass in brilliancy anything heretofore known in Tulips.

Clara Butt, light rose, extra.

Gretchen, blush rose.

LaCandeur, white with lilac.

Madame Krelage, lively rose.

Rev. Ewbank, heliotrope lilac.

Painted Lady, cream white.

Psyche, light pink.

William Copeland, violet rose.

Zulu, black violet.

GESNERIANA TULIPS.

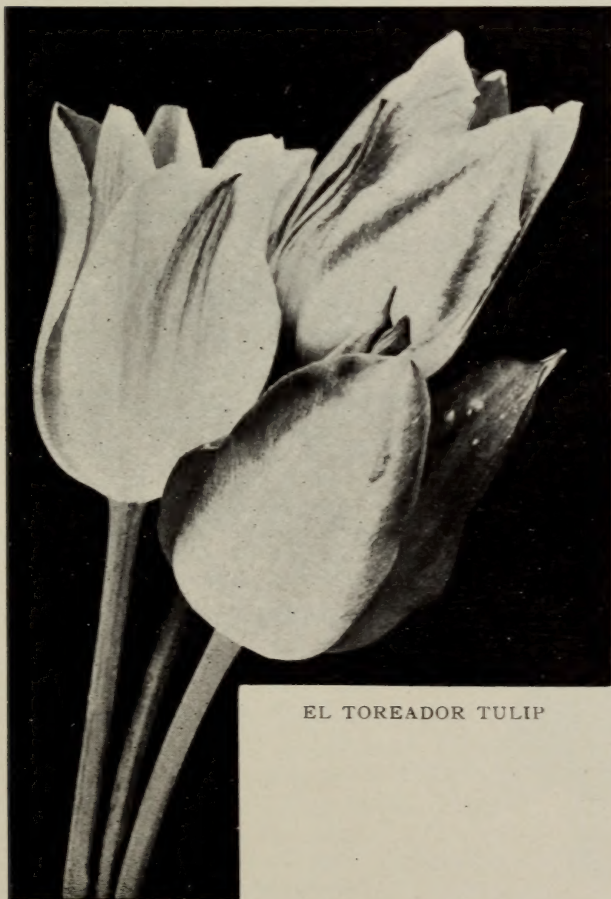

PRICES.

2 for 15c.; 75c. per doz.; \$5.00 per 100, by mail or express, prepaid.

One of the latest Tulips to bloom and one of the finest. Flowers are very large and carried on stout stems 18 inches long.

Crimson Gesneriana, gorgeous, brilliant crimson, with center of deep blue.

Yellow Gesneriana, brilliant yellow with orange edges.

EL TOREADOR TULIP

THE NARCESSI or DAFFODILS

THESE splendid Spring flowering bulbs have been highly esteemed in Europe for many years and are yearly gaining in favor in America. You could not possibly plant too many of them. Growing in almost every location, sun or shade, moist or dry, they need very little watering, and absolutely no care after they have blossomed. One Western grower says, "Plant a few dozen if no more, hundreds if you can, and if your purse will allow you to plant beds of thousands, you can rest assured that you cannot buy any Spring blooming flowers which will give you greater satisfaction."

We are bringing one of the grandest stocks of Narcissus bulbs to America this season that has ever been brought to this country. The Narcissus should be treated the same as Hyacinths.

PRICES.

5c. each; 50c. per doz.; \$3.00 per 100; \$25.00 per 1,000, except as noted.
Transportation Charges Prepaid.

NARCISSUS

SINGLE NARCISSUS.

Barri Conspicuous, primrose petals, crown orange scarlet.

Bicolor Empress, pure white perianth with yellow trumpet.

Bicolor Victoria, fine, large yellow trumpet.

Golden Spur, deep golden yellow, extra for forcing.

Incomparabilis Cynosure, sulphur white petals, yellow cup.

Leedsie, Mrs. Langtry, perianth, white with broad white cup.

Leedsie, Queen of England, white; 8c. each, 60c. per doz.; \$4.00 per 100.

Poeticus, white for the garden.

Poeticus Oranatus, white with scarlet eye, extra for forcing and cutting.

Princeps, long deep yellow trumpet, sulphur perianth.

DOUBLE NARCISSUS.

PRICES.

5c. each; 50c. per doz.;
\$3.00 per 100; \$25.00
per 1,000, except as
noted.

Transportation Charges
Prepaid.

Albo pleno odorato, pure white for bedding.

Incomparabilis, yellow with orange.

CHOICE BULBS FOR FALL PLANTING.

DOUBLE NARCISSUS (Continued).

Orange Phoenix, white with orange center.

Sulphur Phoenix, creamy white, extra for cutting. 8c. each; 65c. per doz.; \$4.00 per 100.

Van Sion, double nosed, yellow, very early.

Van Sion, first size.

Van Sion, second size.

POLYANTHUS NARCISSUS.

PRICES.

5c. each; 50c. per doz.; \$3.00 per 100; \$25.00 per 1,000

Transportation Charges Prepaid.

Double Roman, double white, earliest.

Gloriosa, white with orange.

Grand Monarque, pure white.

Grand Primo, white.

Grand Soliel d'or, yellow and orange.

Jaune Supreme, yellow with orange cup.

Newton, large pure white.

Paper White Grandiflora, early.

Queen Victoria, white with yellow cup.

Staten General, white and yellow.

White Pearl, pure white, large flower.

THE JONQUILS

A branch of the Narcissus family, requiring the same treatment. Twelve bulbs in a 6-inch pot will make a wondrous show in the house.

PRICES.

5c. each; 50c. per doz.; \$3.00 per 100; \$25.00 per 1,000.

Transportation Charges Prepaid.

Double, deep yellow, sweet scented.

Single, rich yellow, sweet scented.

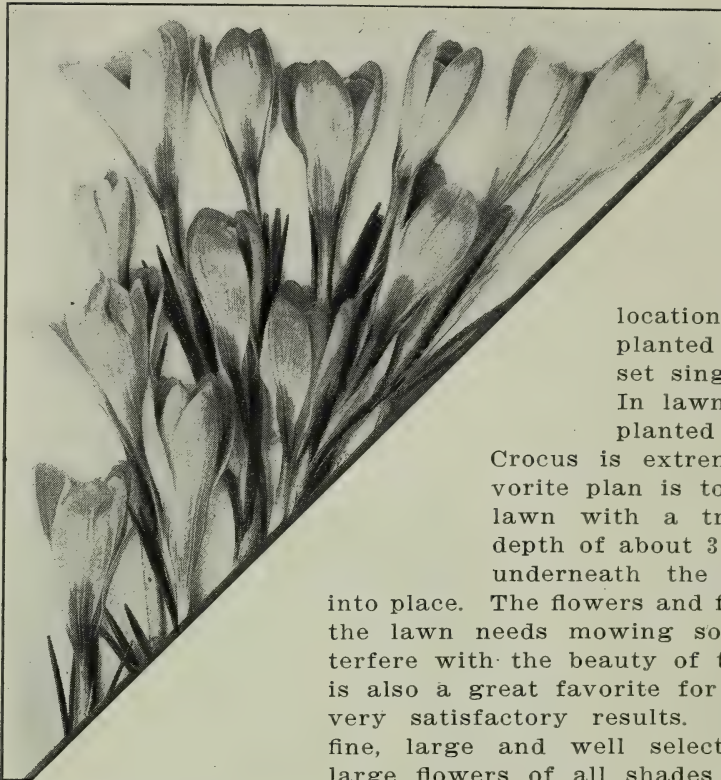

Single Campernelle Regulosus, large yellow flowers, rich and fragrant.

Double Campernelle Regulosus, striking.

Single Tenuior, early rich flowering, sulphur.

NARCISSUS (indoor culture)

SIR WALTER SCOTT
CROCUSES

THE CROCUSES

The Crocus is one of the earliest Spring flowers. They are entirely hardy and thrive best in a rich dry soil and a sunny

location. The bulbs should be planted about 3 inches deep, set singly or massed in beds. In lawns and pleasure parks, planted in the grass, the

Crocus is extremely effective. A favorite plan is to raise the sod of the lawn with a trowel or spade, to a depth of about 3 inches, place the bulb underneath the sod and press back

into place. The flowers and foliage are gone before the lawn needs mowing so that it will not interfere with the beauty of the lawn. The Crocus is also a great favorite for house culture, giving very satisfactory results. Our bulbs are extra fine, large and well selected and will produce large flowers of all shades of white, yellow and blue.

PRICES.—15c. per doz.; \$1.00 per 100; \$8.00 per 1,000.

NAMED VARIETIES.

Albion, purple, extra large flower.

Baron von Brunow, large; bright purple.

Caroline Chisholm, pure white.

King of the Blues, very large and fine.

King of the Whites, one of the best and in great demand.

LaMajestueuse, large white flower, striped dark lilac.

Madame Mina, violet and white, very desirable.

Montblanc, pure white, large.

Pupurea Grandiflora, richest purple.

Sir Walter Scott, white, striped purple.

FINE MIXED VARIETIES.

Fine mixed blue, different varieties.

Fine mixed striped, different varieties.

Fine mixed white, different varieties.

Fine General Mixed, different varieties.

MISCELLANEOUS BULBS.

CROWN IMPERIAL.

Well known hardy border plants, bearing clusters of immense pedant, bell shaped flowers, surmounted with a tuft of green leaves. They do better if planted in good rich soil and may be left undisturbed for years. 15c. each; \$1.50 per doz. Postpaid.

FLORAL FIRECRACKER.

Brilliant crimson, red tipped with Pea green. Flowers are very lasting and beautiful. Needs partial shade and a deep loose soil, thoroughly drained. 5c. each; 6 for 25c.; 45c. per doz.

MISCELLANEOUS BULBS (Continued).

FREESIA.

The justly popular Freesias are greatly prized for the delightful fragrance of their delicately colored flowers, which when cut will remain in good condition for a long time in water. They are easily grown or forced in a light, sandy soil, in a frame or greenhouse, and are excellent for window culture in winter.

REFRACTA ALBA, pure white and sweet-scented, very largely forced. The flowers are two inches long and about the same in width, shaped like a miniature gladoli. The body of the flower is pure white with lower segments spotted lemon-yellow. Price, 30c. per doz.; \$1.50 per 100; 12.00 per 1,000.

ALBA, PURITY. Pure white flowers of large size, borne on strong length stems. Price, 50c. per doz.; \$3.50 per 100.

HELLEBORUS NIGER.

(Christmas Rose).

The fame of Rochester's Christmas Rose has gone abroad through the land, and the owner of the bed has been besieged with letters from persons wanting to beg or borrow roots or slips. Till you have seen a great bed of these flowers in blossom you can have no conception of their beauty, and they hardly look "real" when you see them in full bloom with snow covering the ground. Prices, 35c. each; \$3 per doz. Prepaid.

LEUCOJUM.

(Spring Snowflakes).

The snowflakes are hardy bulbous plants, growing a foot or more high and bearing dainty flowers of white tipped with green, yellow or a tinge of red. They appear about the same time as the white violets, and have a delicate odor resembling that of the violet, but the form of the flower is very different. Prices, 15c. each; \$1.50 per doz. Prepaid.

SCILLAS.

(Blue Bells of Scotland).

One of the most beautiful hardy Spring bulbs, producing in profusion masses of exquisite rich blue flowers almost before the snow has disappeared. If grown in masses their flowers fairly carpet the ground. Grown in pots they may be had in bloom from Christmas until April. Prices, 5c. for 2; 30c. per doz.; \$1.50 per 100.

LEUCOJUM

THE LILIES

NO class of plants capable of being cultivated out of doors possess so many charms; rich and varied in color, stately and handsome in habit, profuse in variety, and of delicious fragrance. They thrive best in dry, rich soil, where water will not stand in winter. After planting they require very little care, and should not be disturbed for several years. Established plants bloom more freely than if taken up annually.

Auratum, (Gold banded Lily of Japan). Flowers very large, of a delicate ivory white color, thickly dotted with rich chocolate crimson spots, with a bright golden band through the center of each petal. The finest of all lilies. Price, 25c. each; 3 for 65c.; 5 for \$1.00. Prepaid.

Candidum. The old fashioned pure white garden lily. One of the hardiest. 20c. each; 3 for 50c.; 7 for \$1.00. Prepaid.

Longiflorum. A well known and beautiful variety, with snow-white trumpet shaped flowers that are very fragrant, quite hardy and blooms freely in the open ground in June and July. 20c. each; 3 for 50c.; 7 for \$1.00. Prepaid.

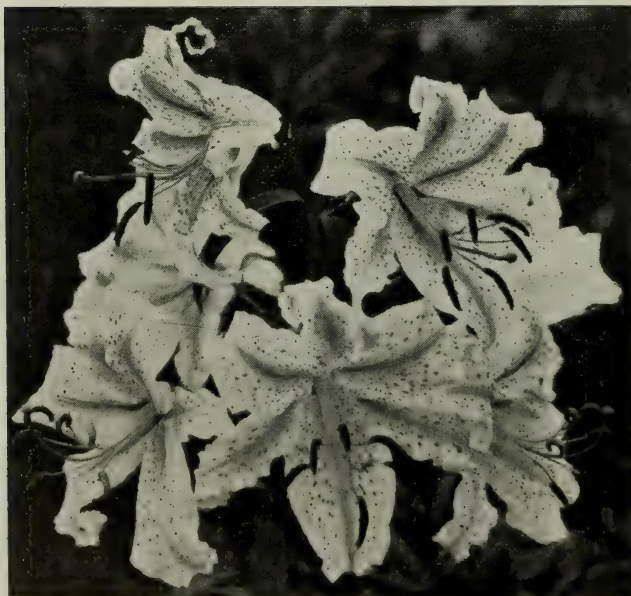

Tiger Lily, Single. Bright orange scarlet, with dark spots; a strong growing, showy variety, and entirely hardy. Succeeds well everywhere. 15c. each; 50c. for 4; \$1.00 for 9. Prepaid.

Tiger Lily, Double. Deep fiery red, spotted with black. Price, 15c. each; 50c. for 4; \$1.00 for 9. Prepaid.

Philippinensis. A native of the Philippines. The flowers are trumpet shaped, snow-white in color and of deliciously delicate fragrance. They measure from 5 to 7 inches in height and are carried on long stems. Hardy. Price, 25c. each; 5 for \$1.00. Prepaid.

Speciosum Rubrum. White, beautifully spotted red; flowers in August. One of the most useful of the Lily family, hardy and flowering well under all circumstances. 20c. each; 3 for 50c.; 7 for \$1.00.

Speciosum Album. Very fragrant large flowers, pure white with a green running through the center of each petal. 20c. each; 3 for 50c.; 7 for \$1.00. Prepaid.

LILIUM AURATUM

Harrisii, (The Bermuda Easter Lily). Flowers large trumpet shaped, pure waxy white, gracefully formed, and delightfully fragrant. The ease with which it can be forced into flower in winter has made it wonderfully popular as a winter flower. 20c. each; 3 for 50c.; 7 for \$1.00. Prepaid.

Mexican Lily. One of the most beautiful of flowers for home decoration and grows to perfection in a bowl filled with sand or pebbles and water. Not less than 3 bulbs should be planted to give the best effect. The flowers are gorgeous, magnificent, velvety, deep scarlet. By planting at different times, a succession of bloom may be had. Large bulbs, 15c. each; 4 for 50c.; 9 for \$1.00. Prepaid.

THE LILIES (Continued).

Calla Lily. Of earliest culture and elegant appearance, they are most acceptable house plants, with their beautiful flowers and handsome foliage. Do not plant small roots, they do poorly and give no satisfaction. Extra large bulbs, 8c. each; 90c. per doz.

Lily-of-the-Valley. The Lily-of-the-Valley is as hardy as any plant can possibly be, and when planted in the open ground will increase pretty rapidly. For the house we have what are called "pips"—young roots with flowers and stems, that will bloom in a few weeks after planting, and will flower well in baskets of damp moss or potted. For the garden we can ship either in the Spring or Autumn. 3 for 15c.; 55c. per doz.; \$3.50 per 100. Prepaid.

THE IRISES (Fleur-de-lis).

FOR the wild garden, shrubbery border and margins of water there is no better and more beautiful plant than the Iris. They grow in clumps and thrive wonderfully in almost any soil, even in marshy ground. They bloom early, and in their coloring the variety is endless. We have them in all sorts of shades and colors and our stock this year is the grandest we have ever grown and the following list was selected from over one hundred varieties growing in our nurseries. **PRICE.—Strong clumps, 25c. each; \$2.50 per doz.**

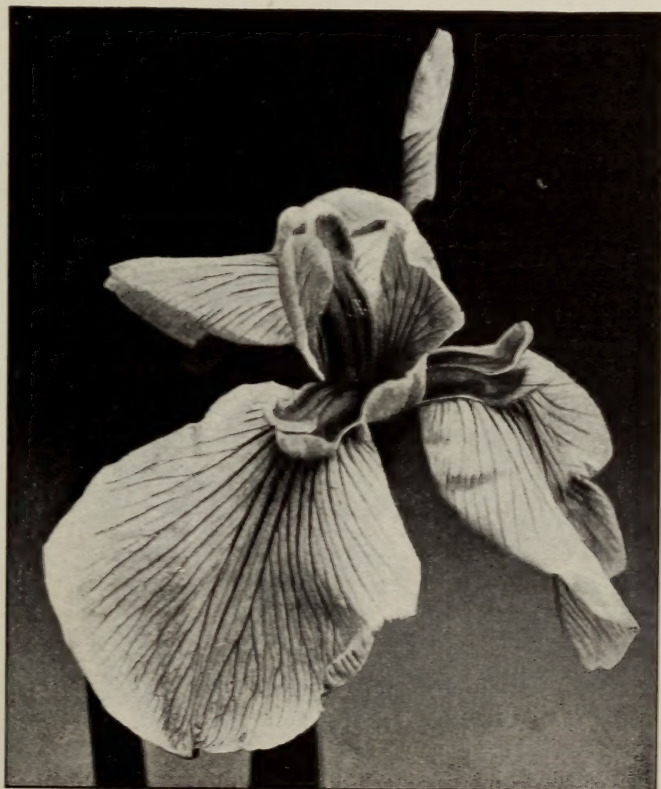

IRIS GERMANICA.

German Iris or Fleur-de-lis.

- Athropupurea**, a rich royal purple. **Silver Cloud**, white and lavender.
- Bridesmaid**, bluish white, veined with blue. **Snowball**, large, pure white.
- Common Purple**, deep purple, very fine.
- Deloismison**, lavender and purple.
- Flava**, light yellow, very fine.
- Florentina**, white tinged blue and yellow.
- Florentina alba**, fine large pure white.
- Garrick**, a fine light blue.
- Idion**, yellow and purple.
- Jordian**, dark lavender and shaded rose.
- Pillida Dalmatica**, very large, pale lavender.
- Rerbon Seulin**, maroon.
- Sampson**, golden yellow-veined crimson.
- Silver King**, flowers silvery white.

JAPAN IRIS: IRIS KAEMPFERI.

- Beauty Lavender**, yellow and white.
- Fairy**, dark purple, early.
- Fair Lady**, white-veined purple.
- Glory**, light lavender.
- Purple Gem**, late, purple.
- Paragon**, white, very large and fine.

IRIS (FLEUR-DE-LIS)

THE PAEONIES.

CAN one imagine anything more beautiful than a bed or border of Herbaceous Paeonies in full bloom? Of all the perennial plants they are the easiest to cultivate and require but little winter protection. Paeonies flower in all shades from red and lilac to white, with blossoms from four to eight inches in diameter. Many of them are very double and have a delicate and refreshing fragrance. A SELECTION WILL GIVE A CONTINUOUS BLOOM FOR THREE MONTHS. (See page 47 of our General Catalogue for further description). **35c. each; \$3.50 per dozen, except where noted.**

Adolph Rousseau, purplish red, very large.

Alba lutea, pure white, with yellowish center, perfectly globular and sweet.

Alexander Dumas, large bright rose flowers.

Belle Francoise, clear bright pink.

Elegans, large pink; extra fine desirable.

Eugene Verdier, large, flesh pink flower, shaded yellow.

Festiva, pure white, center petals sometimes tinged red; most desirable for cutting. 75c., \$7.50 per dozen.

Humea alba, deep lilac, salmon center.

LaRosiere, imbricated petals, straw yellow, similar to tea rose. 75c., \$6.00 doz.

Lutea plenissima, sulphur yellow. 75c. each; \$6.00 per dozen.

Lilacina, lilac-rose; late bloomer; good.

Mme. Barillet Deschamps, very tender pink, bordered white.

Mme. Leonie Calot, soft flesh color.

Philomele, very elegant, center golden yellow.

Sarah Bernard, large blooms, pretty pink, the earliest of all Chinese Paeonies.

PAEONIA OFFICINALIS.

The old-fashioned Paeony so much loved by our grandmothers. They rival the rose in coloring and fragrance.

Paeonia officinalis. This is the deep crimson variety so much admired; blooms ten days ahead of other varieties. Very fragrant. 50c. each; \$5.00 per dozen.

P. officinalis teuifolia fl. pl. The earliest to bloom. Foliage a beautiful fern-leaved; flowers large, double, brilliant scarlet. 50c. each; \$5.00 per dozen.

PAEONIA, FESTIVA. BORDER PLANTING

OUR NEWEST AND CHOICEST ROSES FOR FALL PLANTING.

\$1.00 EACH; \$9.00 PER DOZEN. TRANSPORTATION CHARGES PREPAID.

AMERICAN PILLAR.

Is an American Seedling of great merit and attractiveness. It is an extra strong growing variety, covered with a profusion of dark glossy green leaves, more so than any other climbing rose we have. It produces large clusters of flowers, as many as 100 flowers has been counted on one cluster. Its flowers are large, single of a rich, rosy brilliant pink, and over 2 inches in diameter. The flowers are followed by large red berries which are very ornamental and last a long time.

We consider it the most valuable single climbing rose in cultivation, and a superb variety.

CHAS. WAGNER.

New Hardy Everblooming Hybrid.

This perpetual Rose is a very strong vigorous grower, which produces its flower in abundance. Its color is a clear bright red, nearly scarlet and is quite fragrant. It produces its flowers in clusters, and is of good size. It blooms in profusion, and will be much sought after as a desirable new variety.

CHIN CHIN (Good Morning).

China Rose.

A new color in China Roses, being a soft yellow when it opens, changing to ivory white when older. The plant is vigorous and floriferous. It produces its flowers in abundance on long stiff stems, and is suitable for the florist and amateur. The China Roses are commonly called "Monthly Roses," as they bloom the year round, and are always reliable.

CHATEAU des CLOS VOIGAT.

New Hybrid Tea.

This is a magnificent New Rose, and words cannot express too much in its favor. Its color is exquisite, a bright deep crimson, perfumed with a delicious odor. It is described by its propagator as the most important in color yet seen, and will be sought after.

ORLEANS.

Baby Rambler, Gold Medal Rose.

This variety was awarded a Gold Medal in France, and a First Class Certificate by the Royal Horticultural Society of England and is considered the best of all the so-called Baby Ramblers. This Rose is of vigorous growth. It flowers freely in large pyramidal clusters of flowers and is very attractive. It blooms all summer, its color is Geranium Red, suffused with rose. We consider it the best of all the Baby roses.

MRS. TAFT.

Is another New Baby and is called the "Improved" Crimson Baby Rambler. Its color is rosy crimson, is a good grower, producing large clusters of flowers, and is very attractive and considered very promising.

JOAN OF ARC.

A new and a very distinct milk white Baby Rambler, and perhaps the most interesting of all the white ones. Its foliage is somewhat smaller than in the others, but its flowers are of a purer white, in pyramidal clusters and are most attractive in appearance.

VEILCHEUBLAU.

The Climbing Blue Rambler.

A New Rose from Germany; seedling of the Crimson Rambler which is the most successful rose ever introduced. The Blue Rambler grows as strong as the crimson variety, with bright green foliage, and is a fitting companion to Dorothy Perkins and the Crimson Rambler. Its color is violet blue, making it the rarest of the climbing roses. We have been waiting for a Blue Rose many years, now we have it.
